

Memorandum

To: Interested Parties

Date: March 2, 2015

From: Juliann Sum, Chief
Cal/OSHA

Cc: Christine Baker, DIR Director
Amy Martin, Cal/OSHA Chief Counsel

Subject: Cal/OSHA guidance on heat illness prevention standard, amendments to
Title 8, Section 3395

Following the adoption of amendments to the heat illness prevention standard by the Occupational Safety and Health Standards Board on February 19, 2015, we are anticipating that the Office of Administrative Law will approve the amendments and grant the Standards Board's request for the amendments to go into effect on May 1, 2015. We invite you to identify the topics and issues you have questions about or would like us to elaborate on, as we revise the heat illness prevention guidance documents currently posted on our website.

Please send your requests and recommendations to Amy Martin (amartin@dir.ca.gov), Gretta Windmon (gwindmon@dir.ca.gov), and Grace Virrey (gvirrey@dir.ca.gov) by Friday, March 6, 2015. Thank you.
